MEDIA RELEASE

February 11, 2024

## Fisker to Bring Award-Winning Fisker Ocean All-Electric SUV to 2024 Canadian International AutoShow

*Brand will make its first appearance at Canada's leading automotive expo*

**TORONTO, Ont.** — [Fisker Inc.](#) (NYSE: FSR) (“Fisker”), driven by a mission to create the world’s most emotional and sustainable electric vehicles, will bring the award-winning Fisker Ocean all-electric SUV to the Canadian International AutoShow, February 16<sup>th</sup> to 25<sup>th</sup> at the Metro Toronto Convention Centre.

AutoShow visitors will get to explore [the Fisker Ocean](#), and will be able to sign up for outdoor test drives.

Fisker is currently delivering the all-electric Ocean SUV, which starts at CAN\$45,999<sup>1</sup>, in the US, Canada and Europe. The Ocean Extreme trim has a US EPA range of up to 360 miles / 579 km<sup>2</sup>, which is the longest range of any new electric SUV in its class<sup>3</sup>. The Fisker Ocean has the lowest published carbon footprint of any electric SUV, uses more than 110 lbs. of recycled and bio-based materials and is manufactured at a carbon-neutral facility.

“Canada is an important market for Fisker, and we made it a priority to launch there in 2023,” Chairman and CEO Henrik Fisker said. “I’m looking forward to customers checking out the Ocean at the Canadian International AutoShow and taking in its unique features. We intend to sell a lot of vehicles in Canada and are actively recruiting dealers in the country as part of our newly announced Dealer Partnership strategy.”

The Fisker Ocean is designed to disrupt the automotive industry with its futuristic exterior design, sleek surfaces and aggressive stance. Its spacious interior is appointed with sustainable materials, seats five and offers ample rear cargo space. Inside, the Fisker Ocean offers an immersive experience with premium features and an intuitive digital in-car experience.

Available in three trim levels, the Ocean is designed with several unique and best-in-class features.

The Extreme trim level, starting at CAN\$79,799<sup>1</sup>, comes packed with high-end luxury amenities, delivering a superior driving experience powered by the Hyper Range battery and dual motor all-wheel drive powertrain (564 hp and 0-60 mph acceleration in 3.7 seconds<sup>4</sup>). A long list of unique features includes Smart Traction, Revolve rotating 17.1" central touchscreen with Control Mode (portrait) and Hollywood Mode (landscape); SolarSky roof with integrated solar panels that use the sun's rays to generate up to 2,400 kilometres of free range per year<sup>5</sup>; California Mode, which opens the SolarSky roof and all seven windows at one button push, creating a convertible feeling in a safe and functional SUV; Fisker Pulse Audio System Powered By ELS STUDIO 3D<sup>®</sup>; and a complete suite of Fisker Intelligent Pilot features.

The Ultra trim level, starting at CAN\$67,999<sup>1</sup>, comes equipped with dual motor all-wheel drive, Hyper Range battery and an impressive array of advanced technology and high-performance features including California Mode, OpenSky panoramic glass roof with power sliding glass panel, Doggie Windows and more.

The Sport trim level, starting at CAN\$45,999<sup>1</sup>, is powered by a single-motor, front-wheel-drive all-electric powertrain and Touring Range battery, delivering affordability, 275 hp of performance and a range of up to 231 miles / 372 km US EPA<sup>2</sup>. Sport comes equipped with a 17.1" central touchscreen and BigSky panoramic fixed glass roof.

All trim levels come equipped with a robust Fisker Intelligent Pilot system (Advanced Driver Assist System - ADAS) that includes the world's first digital radar available in a consumer vehicle, Rear Power Liftgate, Digital Rear View Mirror, standard 20" F7 AeroStealth Wheels, and a sustainable interior made from recycled and bio-based materials.

The Fisker Ocean has already won numerous international awards, including Red Dot Product Design Award (Germany) – Best Electric Vehicle, Automobile Awards (France) – Best Electric Vehicle and SUV of the Year and Carwow Car of the Year Awards 2024 (UK) – 'Highly Commended' in '2024's Most Anticipated New Car'.

AutoShow visitors can find the Fisker booth of the 300 level of the North Building in the Metro Toronto Convention Centre, 255 Front Street West, Toronto, Level 300, EC108. AutoShow hours are Feb. 16, 12 noon to 10 pm, Feb. 17-24, 10:30 am to 10 pm, and Feb. 25, 10:30 am to 6pm.

Outdoor test drives of the Fisker Ocean will be available: Customers can sign up at the AutoShow.

The 2024 Canadian International AutoShow will take place February 16<sup>th</sup> to 25<sup>th</sup> at the Metro Toronto Convention Centre. ### **About the Canadian International AutoShow, presented by The *Toronto Star***

Celebrating the automobile since 1974, the Canadian International AutoShow features more than 650,000 square feet of exhibits, displays and attractions spanning the North and South Buildings of the Metro Toronto Convention Centre. With annual attendance in excess of 350,000, the Canadian International AutoShow is not only the largest automotive expo in Canada, it is also the country's largest consumer show. A leader in lifestyle, technology and all things automotive, it is a showcase for the latest cars, trucks, SUVs, concept cars, exotics, classics, muscle cars, electric vehicles, alternative fuel vehicles and autonomous vehicles.

<sup>1</sup> Pricing shown excludes, delivery, finance, taxes, and other government charges. Maintenance is not included. Pricing depends upon specifications and options chosen by you as you configure your actual vehicle closer to production. Pricing does not include federal or provincial incentives and benefits which may be available to you.

<sup>2</sup> EPA estimated range. Mid-size SUVs. Measurements conducted with standard 20" wheels. Actual results may vary for many reasons, including driving conditions, wheel size, state of battery charge, and how the vehicle is driven and maintained.

<sup>3</sup> Mid-size SUVs in comparable price segment.

<sup>4</sup> Using Boost Mode, with 1 foot rollout.

<sup>5</sup> Based on Fisker simulations. Ideal conditions assume solar irradiation of 5.4 kWh/m<sup>2</sup>/day and steady commuter driving. Actual results vary with conditions such as external environment and vehicle use.

### Forward-Looking Statements

This press release includes forward-looking statements, which are subject to the "safe harbor" provisions of the US Private Securities Litigation Reform Act of 1995. These statements may be identified by words such as "feel," "believes," "expects," "estimates," "projects," "intends," "should," "is to be," or the negative of such terms, or other comparable terminology and include, among other things, the quote from our chief executive officer, any potential future automotive original equipment manufacturer (or equipment or part manufacturer) transactions and other future events that involve risks and uncertainties. Such forward-looking statements are not guarantees of future performance and are subject to risks and uncertainties, which could cause actual results to differ materially from the forward-looking statements contained herein due to many factors, including, but not limited to: Fisker's limited operating history; Fisker's ability to enter into additional manufacturing and other contracts with Magna or tier-one suppliers in order to execute on its business plan; the risk that OEM and supply partners do not meet agreed-upon timelines or experience capacity constraints; Fisker may experience significant delays in the design, manufacture, regulatory approval, launch and financing of its vehicles; Fisker's ability to execute its business model, including market acceptance of its planned products and services; Fisker's inability to retain key personnel and to hire additional personnel; competition in the electric vehicle market; Fisker's inability to develop a sales distribution or dealership network; and the ability to protect its intellectual property rights; and those factors discussed in Fisker's Annual Report on Form 10-K, under the heading "Risk Factors", filed with the Securities and Exchange Commission (the "SEC"), as supplemented by Quarterly Reports on Form 10-Q, and other reports and documents Fisker files from time to time with the SEC. Any forward-looking statements speak only as of the date on which they are made, and Fisker undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date of this press release.
