Unique to Canada, Hyundai Showcasing the All-New 2024 Santa Fe NHL Edition at Canadian International AutoShow

Display also features the IONIQ 5 N, the brand's first N Brand electric performance vehicle

TORONTO, Ont. — The all-new Hyundai Santa Fe NHL Edition and fully electric IONIQ 5 N will anchor Hyundai's display at the 2024 Canadian International AutoShow.

As the official automotive partner of the NHL, Hyundai has made the **2024 Santa Fe NHL Edition** for those who drive hockey. The SUV is differentiated with personalized Luxwood door sills and WeatherTech floor and cargo liners featuring the team logo of the customer's choosing. From the outside, the Santa Fe NHL Edition stands out with its "Creamy White" matte exterior colour and 20-inch, multi-spoke black alloy wheels, both exclusive to this special edition model.

The Santa Fe NHL Edition is a Canadian exclusive.

The Pecan brown interior features a powerful USB-C terminal with a maximum charging rate of 27 watts and a third-row USB port. In addition, a UV-C sterilization compartment is available for the top of the Santa Fe's glove compartment, providing ultraviolet light-based sterilization of frequently used items, such as cell phones, wallets, glasses, and similarly sized items. A Bose 12-speaker premium sound system is also integrated in this special edition vehicle.

Hyundai's first N Brand electric performance vehicle, the **IONIQ 5 N** elevates Hyundai's three pillars of N Performance: 'Corner Rascal,' 'Racetrack Capability' and 'Everyday Sportscar'.

IONIQ 5 N combines the standard IONIQ 5 model's Electrified-Global Modular Platform (E-GMP) with N motorsport technologies and leverages N expertise from electrified 'Rolling Labs' (such as the RN22e and N Vision 74 that made their Canadian debuts at the 2023 AutoShow). The N electric motors in the IONIQ 5N create an awesome 641 horsepower (478 kW) with N Grin Boost Engaged and a top speed of 260 km/h, using a two-stage inverter and new 84 kWh battery.

Hyundai will be located on the 300 level of the North Building in the Metro Toronto Convention Centre.

The 2024 Canadian International AutoShow will take place February 16th to 25th at the Metro Toronto Convention Centre. For news and updates — and to buy tickets — please visit autoshow.ca. About the Canadian International AutoShow, presented by The Toronto Star

Celebrating the automobile since 1974, the Canadian International AutoShow features more than 650,000 square feet of exhibits, displays and attractions spanning the North and South Buildings of the Metro Toronto Convention Centre. With annual attendance in excess of 350,000, the Canadian International AutoShow is not only the largest automotive expo in Canada, it is also the country's largest consumer show. A leader in lifestyle, technology and all things automotive, it is a showcase for the latest cars, trucks, SUVs, concept cars, exotics, classics, muscle cars,

electric vehicles, alternative fuel vehicles and autonomous vehicles.
