TORONTO, ON. — Grand Touring Automobiles returns to the Canadian International AutoShow this February 14-23 with a collection of nine stunning vehicles representing the pinnacle of automotive luxury and design. Among them are an impressive five new vehicles making their Canadian auto show debuts: the new Aston Martin Vanquish, Bentley Continental GTC, Lamborghini URUS SE, the Rolls Royce Cullinan Series II and the just landed Ghost Series II.

“We’re delighted to bring this selection to the Canadian International AutoShow. It is always a highlight of our year to share these extraordinary vehicles with the hundreds of thousands of enthusiasts that make the trip to the show,” said Grand Touring Automobiles Dealer Principal and CEO Paul Cummings. “That moment when somebody’s eyes light up at the sight of one of these rare dream machines for the first time is really a special thing.”

Finished in a stunning Olivin hue, the 2025 model year Rolls-Royce Ghost Series II is a refinement on the Ghost first introduced in 2021 and features a new headlight design, reimagined bumper lines, and a more modern rear design.

Also featured among the dealership group’s luxury and super luxury offerings are two rarities: one of only 60 Bugatti Pur Sports ever made, and an exceedingly rare Pininfarina Battista – one of just five built globally to celebrate Formula 1 World Champion Nino Farina.

And for the kids – or those who are simply kids at heart – Grand Touring Automobiles is showcasing a 2/3 scale version of the iconic James Bond car: the Aston Martin DB5 Junior No Time To Die Edition. The fun-size Hedley DB5 Junior is a fully functioning electric homage to the original, capable of a 72 km/h top speed and featuring a selection of crowd-pleasing functions including mini guns, cycling digital numberplates, smoke screen, skid mode, and a hidden gadgets switch panel.
